

VantageLinks Employee Referral Program

As you know, we like to have referrals! Getting referrals from our employees and candidates allow us to put some extra cash in your pocket and for us to have referenced candidates that come recommended by our employees and candidates.

We will pay you for every candidate you refer to us that we placed in either contract or direct position!!!

Referring a candidate that becomes a billable consultant (contract):

We will pay \$100** **per month** for as long as the referred consultant is working for VantageLinks.

Referring a candidate that we place at client position (direct):

A one-time referral fee of **\$1,000** will be paid to you after we get paid from the client and the candidate completed 3 month at the client.

** This referral bonus is only available for referral of IT positions. Other, non-IT position may be eligible for a smaller referral bonus.
